

NAB should not have the right to dictate what I listen to. If I want to Listen to country music or jazz or any other kind of music , and thats all, it should be my right to have that with out all the talking and commericals, and If I want weather all the time that should be my right too. Please REJECT NAB's petition 04-160

and PLEASE SUPPORT XM's RIGHT TO BROACAST THE PROGRAMMING WE ARE NOW RECEIVING .
